3. Target market assessment and distribution strategy

This target market assessment matrix segments the target customers for the Product, recognising their different needs to enable you to tailor the services you provide when you distribute the Product.

Customer Circumstances	Distribution Strategy	Customer Needs & Objectives
<p>Strong credit quality customers looking to remortgage a residential property in England or Wales</p> <p>Income from employment, self-employment, certain investment types, or a combination)</p> <p>Lending in or into retirement</p>	<p>Available through Direct and Intermediary* channels</p> <p>Applications must be through an advised sale route</p>	<p>To access a discounted rate for a defined period</p> <p>To repay the capital by the end of the mortgage term (either via a repayment mortgage or using a credible repayment vehicle alongside an interest-only mortgage)</p> <p><u>In some cases</u>, to consolidate existing debts an/ or raise capital</p>
<p>*Intermediary distribution through:</p> <ul style="list-style-type: none"> • Networks and their Appointed Representatives • Mortgage Clubs • Directly authorised mortgage intermediaries <p>All intermediaries must be registered with us.</p>		

The Product is not designed for customers who:

- Are credit-impaired
- Are remortgaging a home outside of England or Wales
- Are remortgaging a property to let
- Are looking for a Retirement interest-Only mortgage (*we offer a separate specific Retirement Interest-Only proposition*)
- Need a Shared Ownership mortgage
- Do not meet our lending or property criteria

4. Customers with characteristics of vulnerability

The Product is designed for the mainstream mortgage market, which is likely to include some customers with characteristics of vulnerability or who will experience vulnerability over time.

Customers looking to borrow in, or into, retirement are more likely to face significant changes in their income and affordability during the term of the mortgage. They may need particular advice and support to ensure they understand how such changes might impact on them.

Older borrowers, especially those looking for extended mortgage terms are more likely to develop conditions associated with older age that might affect their ongoing ability to generate income, communicate with their lender, make informed decisions, and may face unexpected personal expenses that could impact on their ability to afford the mortgage. They may need particular advice and support to ensure they understand how such changes might impact on them. This might include signposting to specialist information relevant to their circumstances, such as planning for retirement income or setting up a Lasting Power of Attorney.

Debt consolidation might indicate an increased propensity to taking on unsustainable levels and debt and the circumstances will be material to the provision of mortgage advice (MCOB 4.7A.15 refers) and to subsequent underwriting (MCOB 11.6.16R refers). In all cases applicants should be made fully aware of the significance of securing currently unsecured debt.

We considered the needs, characteristics, and objectives of customers with characteristics of vulnerability at all stages of the design process for this Product to ensure the Product meets their needs.

We have also reviewed the Product to assess whether it will meet the identified needs, characteristics, and objectives of the target market, including customers in the target market who have characteristics of vulnerability.

We have in place a framework to achieve good outcomes for vulnerable customers, which includes:

- Education and training for our staff to ensure they have the appropriate skills and experience to recognise and respond to the needs of vulnerable customers
- Suitable customer service provision and communications
- Flexible policies, where appropriate, to support vulnerable members
- Monitoring to ensure we continue to meet and respond to the needs of customers with characteristics of vulnerability

Intermediaries should continue to comply with your obligations to ensure that you treat customers in vulnerable circumstances fairly. Where appropriate, and with any necessary customer consents, you should share relevant details with us so we can respond appropriately.

Please contact us if you need any further information about how we support the needs of all our customers in relation to the Product.

5. Our assessment of value

We have developed a comprehensive and robust assessment process which evaluates several aspects of our business to determine the value of our mortgage product. This analysis is used to ascertain whether the Product delivers fair value for customers.

The outcomes of the assessment process are presented to the Board, allowing for challenge and further investigation before we sign-off the outcomes and share the summary of our assessment with you.

Our fair value assessment has considered the following:

Benefits	Price	Costs	Limitations
<p>All our residential mortgage are manually underwritten, allowing us to consider individual circumstances/needs that might not be accommodated by an automated processing model</p> <p>Repayment, interest-only and Part-and-Part options available</p> <p>Debt consolidation available</p> <p>Capital raising available</p> <p>Terms up to 40 years available</p> <p>Income from employment, self-employment, pensions, and certain investment types, or a combination)</p> <p>Lending in or into retirement.</p>	<p>The interest rates, fees and charges customers pay for the Product, comparable market rates, advice fees paid to intermediaries and non-financial costs associated with operating the Product</p> <p>You are reminded that all our discounted variable rate mortgages are linked to the Society's Standard Variable Rate and <u>not</u> to the Bank of England base rate or any other external reference</p>	<p>The cost of underwriting and setting up a mortgage, funding the Product and any other reductions in costs to the customer made possible by economies of scale</p>	<p>All our discounted variable and fixed rate mortgages have associated Early Repayment Charges applicable throughout the discount or fixed rate period. These Charges are commensurate with the costs that we incur in setting up the mortgage and are consistent with market norms</p> <p>All our discounted variable rate schemes have a Floor Rate of 2.50%</p>

Results of our assessment

Our assessment concluded that the Product continues to deliver fair value for customers in the target market for the Product.
